ALLOWANCE

1. The amendment filed 1/11/2005 has been placed of record in the file.
2. Claims 1, 3, 10, 16, 32, 36, 43, 49-51, and 61 have been amended.
3. Claims 52-60 and 62-91 have been canceled.
4. Claims 1-51 and 61 are allowed.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to the applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given via telephone by Attorney Eric Hyman, Reg. No. 30139, on 5/6/2005.

The application has been amended as follows:

In the claims:

In claim 10, line 2, after "web server" replace ",", with -- and--.

Allowable Subject Matter

6. The following is an examiner's statement of reasons for allowance:

Claim 1 as amended distinguishes itself over the prior art by delineating an edge DNS server that cooperates with a regional DNS server in order to redirect a URL request from a user to an edge server so that user access of an origin web site is avoided. With this amendment,

Art Unit: 2155

claim 1 now shows a patentable distinction over the prior art. As the applicant states on page 1 of the remarks, the system of the claimed invention operates "so that user requests for a page on a provider's web site (origin web site) never actually need reach that site." The system uses an edge DNS server to resolve the request so that the requested page and any embedded objects can be received from edge servers. Furthermore, the prior art gives no indication that it would have been obvious to one of ordinary skill in the art at the time of the applicant's invention to use an edge DNS server cooperating with a regional DNS server in order to handle the user request so that the origin web site is entirely avoided.

Claims 2-51 and 61 are allowed due to their dependence on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor Lesniewski whose telephone number is 571-272-3987. The examiner can normally be reached on Monday through Thursday.
